VET PLUMBING

**22304VIC Certificate II in Plumbing
(Pre-Apprenticeship)**

Contribution to VCE/VCAL

VCE Credit: Credit is awarded in the VCE on the basis of achieving units of competency. Credit is determined by the AQF level and the nominal hours of the units of competency. **This program does NOT provide a Units 3 and 4 sequence.**

VCAL Credit: This program meets the requirements of the Industry Specific stream for both Intermediate and Senior VCAL.

Further Training & Employment Possibilities

- Plumbing apprenticeship
- Landscaping Apprenticeship
- Mechanical or air-conditioning apprenticeship
- Various apprenticeships in building and construction

VET Plumbing (Pre-Apprenticeship)

This course will equip you with the skills and knowledge for entry into an apprenticeship (Certificate III) within the plumbing industry. You will be introduced to the basic skills and knowledge that underpin the Certificate III in Plumbing. You will learn how to locate, interpret and apply relevant information, use numeracy and calculations to carry out your work, produce technical drawings and follow instructions in a designed sequence. You will find out how to select and use the correct plumbing tools, equipment and materials along with the appropriate manual handling procedures. You will learn about the principles of sustainability and methods and strategies to identify employment opportunities in the plumbing industry. As part of your studies you will discover how to work and communicate effectively with others and maintain safe working conditions along with how to provide basic emergency life support should the need arise.
